In addition to the benefits provided, GTA offers a work environment of leadership and teamwork uncommon in government. The goal of the Georgia Technology Authority (GTA) is to bring the benefits of the technology revolution to Georgia' state government. GTA will ensure the effective utilization of IT resources in Georgia state government and make e-government a reality in Georgia. GTA is structured to bring a coordinated and comprehensive IT vision to state government by providing agencies with technical assistance in strategic planning, program management, and human resources development. GTA is seeking candidates with a thirst for setting trends, and a desire to accept revolutionary challenges.
